Environmental Headlines, July 1, 2013

Compiled by the Region 8 Librarians, ASRC Primus Contractors

Note: Many newspapers are beginning to adopt subscription policies to govern access to their online editions. In some cases, this involves the creation of a free user account; in others, paid subscription is necessary to view more than a set number of articles (usually 20) per month. If you have difficulty accessing the news articles you need, please contact the library (<u>library-reg8@epa.gov</u>) for assistance.

Colorado -

Boulder's bag fee goes into effect Monday

Officials, activists hope fee on disposable bags will change behavior

http://www.denverpost.com/news/ci 23563794/boulders-bag-fee-goes-into-effect-today

Colorado doctors assured they can share fracking info to help patients

 $\underline{http://www.denverpost.com/environment/ci_23569257/colorado-doctors-assured-they-can-share-fracking-info}$

Obama should seek balance on climate, economy

The Obama administration is right to target carbon emissions, but with due regard for economic costs.

http://www.denverpost.com/opinion/ci 23562978/obama-should-seek-balance-climate-economy

Engineering firm, CSU launching groundwater research center

To study groundwater restoration as it applies in the oil, gas and mining industries, Colorado State University and an engineering firm are launching a new research center.

http://www.coloradoan.com/article/20130628/NEWS01/306280027/Engineering-firm-CSU-launching-groundwater-research-center

Small breweries ask Hickenlooper for stronger oil, gas standards

Small breweries across Colorado submitted a letter Friday urging Gov. John Hickenlooper to protect the state's air and water from pollution related to oil and gas development.

http://www.coloradoan.com/article/20130628/NEWS01/306280035/Small-breweries-ask-Hickenlooper-stronger-oil-gas-standards

Potentially explosive scrapped fracking pipes spur state, city warnings

Watch out for explosive fracking pipes on the side of the highway, at rest areas or other places where scrap fracking waste isn't supposed to be.

 $\frac{http://www.coloradoan.com/article/20130626/NEWS01/306260034/Potentially-explosive-scrapped-fracking-pipes-spur-state-city-warnings$

State to enforce fracking chemical disclosure rule after 15-month wait

Colorado oil and gas regulators have waited more than a year to enforce a rule requiring oil and gas companies to reveal the chemicals they use for fracking.

http://www.coloradoan.com/article/20130626/NEWS01/306260021/State-enforce-fracking-chemical-disclosure-rule-after-15-month-wait
